PP825-37

Tub Spout 3/4" I.P.S. Chrome plated With diverter

### Instructions:

1. Remove old tub spout.
2. Clean pipe nipple thoroughly using a wire brush or steel wool.
3. Do not use pipe thread dope or sealant on pipe nipple.
4. Place spout on pipe nipple and hand tighten, turning clockwise.
5. Do not overtighten.
6. Turn on water, test for leaks.
