An all-new perspective is coming your way; right into your very own bathroom with the Trone smart toilet bidet combo. Featuring dual nozzles on adjustable spray wands, you can experience a more personalized and sanitary cleaning for both males and females when your time in the bathroom is complete. Temperature, pressure, and position of spray are all adjustable to find the perfect experience. A warm air dryer will cater to your preferences as you dry off from life changing sensation that only an electronic bidet-toilet can offer.
