

Imperial[®]

Registers & Grilles

Point of Sale Merchandising Made Easy

Imperial has chosen branding along with bold eye-catching colors to represent our three categories of product. The distinctive colored packaging allows consumers to easily identify their register and grille needs and quickly make their product selection.

Merchandising of our register and grille products is made easy due to our packaging strategy.

Collection represents our superior 1.5 mm stamped steel floor registers with electroplated faux finish.

Signature represents our durable 1.5 mm textured powder coat finished products.

Standard represents our reliable commodity products featuring high-impact polystyrene and all-steel durable powder coat painted finish.

Color Coded Product Labeling

Our registers are individually shrink-wrapped and have a cardboard backing to assure product protection.

Each product label clearly identifies:

- ▶ Register design
- ▶ Finish and Color
- ▶ Product SKU #
- ▶ Product use
- ▶ Dimensions
- ▶ UPC code

Cut Case Display Cartons

- ▶ Packaged for retail, the registers are placed in easy-to-detach shipping cartons that convert into merchandise displays.
- ▶ Display units with color-coded labels offer maximum visibility with a description of the product and allow for quick and easy restocking.

Plan-o-grams

- ▶ Merchandising of our register products is made easy with our packaging design.
- ▶ Our retail specialized sales team will support customizing in-store planograms by optimizing your retail space with best sellers and most popular sizes by geographic region.
