

Insulated Klein-Kurve® Wire Stripper/Cutter

Klein Tools Electrician's Insulated Solid and Stranded Stripper is 1000V rated and VDE certified for safety on the job. The multi-color, sleek design with small thumbguards make for easy handling and storage. The three-part insulation with white underlayer provides a warning sign that insulation may be compromised. The durable, molded insulation meets or exceeds IEC 60900 and ASTM F1505 standards for insulated tools.

Specifications

Type:	Insulated	Application:	8-16 AWG Solid and 10-18 AWG Stranded Copper Wire and Shearing 6-32 and 8-32 Screws
Special Features:	Compact and lightweight – Spring loaded for self-opening	Material:	Steel
Insulated:	Yes	Strips and Cuts:	8-16 AWG Solid, 10-18 AWG Stranded
Screw Shearing:	6-32 and 8-32	Wire Gauge:	8-16 AWG Solid, 10-18 AWG Stranded
Jaw Capacity:	0.75" (1.9 cm)	Jaw Size:	0.25" (0.6 cm)
Hold-Open Spring:	Yes	Standard:	IEC 60900 and ASTM F1505
Overall Length:	7.7" (19.6 cm)	Overall Height:	1.2" (3.1 cm)
Overall Width:	4.75" (12.1 cm)	Handle Color:	Orange/Gray
Handle Finish:	3-Layer Insulation	Handle Material:	Multi-Layer Insulation
Weight:	8 oz (227 g)
