Meets or exceeds ASTM F1505-16 and IEC 60900:2018

SLIM-TIP INSULATED SCREWDRIVERS

Slim profile tips allow for greater access into terminal blocks, slim-style breakers, or other tight spaces near energized sources. A bright orange coating of insulation protects from electrical shock, as well as being flame and impact resistant. These screwdrivers come in different tip types and lengths, making them a must-have for any electrician's tool bag.

Slim tips for greater access

1000V-rated orange impact & flame-resistant insulation provides protection from electrical shock

Meets or exceeds ASTM F1505-16 and IEC 60900:2018

 **1000V**

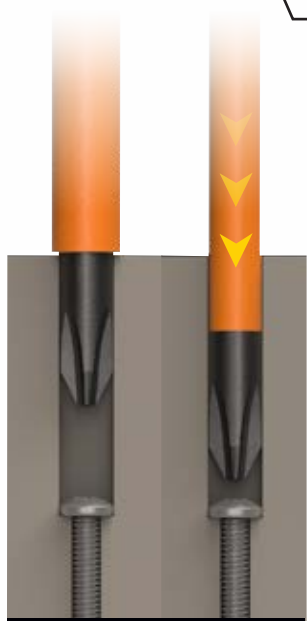

Cushion-Grip handle for greater torque and comfort

Tip-Ident™ quickly identifies screwdriver tip type

Slim-tip blade for easier access to terminal blocks and other tight spaces

MAGNETIZER

Mag/DeMag tool magnetizes or demagnetizes these insulated drivers.
