| | 1/4" | | | 711481-A |

MODULAR SETS

12 Piece Modular Quad-Driver Set - 784859-A for securing drill bits, countersinks and screwdriver bits

- Includes:
- Industrial Quad-Driver No. 6 Countersink
 - Industrial Quad-Driver No. 8 Countersink
 - Industrial Quad-Driver No. 10 Countersink
 - Industrial Quad-Driver No. 12 Countersink
 - Industrial Quad-Driver Shaft with Built-in Hex Key
 - 1/2" Hex Coupler
 - 5 ea. #2 Phillips Bits
 - Storage Case

Industrial Quad-Driver - 784830-A for size #10 screws

- New modular design-all pieces can be changed
- New Bit Lok system to lock bits in tool
- Built in hex key for easy bit changes

FINDER DRIVERS

Stubby Finder Driver - 784811-A

- Shortened model for access into tighter work spaces
- Gives excellent control when starting screws
- Overall length: 3-1/8" (without insert bit)
- Includes: Retracting Screw Holder, #2 Phillips Bit, #2 Robertson Insert Bit

Shorty Finder Driver - 784867-A

- A compact size for tight places
- Overall length: 2-1/4" (without insert bit)
- Includes: Retracting Screw Holder, #2 Phillips Bit

FLEXIBLE BIT HOLDER - B-51873

- Heavy duty design ideal for professional driving applications
- 12" overall length
- 1/4" hex shank
- Maximum 90° flex
- Heavy duty design retains shape and resists kinking
- Maximum 3,600 RPM
- Use with Makita 1" Insert Bits

2" DRIVER BIT HOLDER - D-65040

- Rubber Bit Holder with carabiner is easily attached to belt for easy access when working on ladder, scaffolds, etc.
- Includes: 10 x 2" Driver Bits: PH1, PH2 (2), PH3, SQ2 (2) HEX4, HEX5 (2), HEX6

INSERT DRIVER BIT ACCESSORY KITS

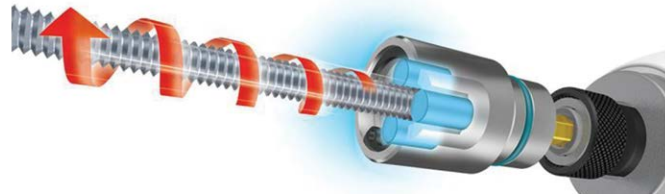

12 Piece Insert Driver Bit Accessory Kit D-31619-12

- Includes:
- 2-3/8" Magnetic Bit Holder
 - Eleven 1" Insert Bits: PH1, PH2, PH3, SQ1 SQ2, SQ3, SL 3/16", SL 1/4", T15, T20, T25

11 Piece Insert Driver Bit Accessory Kit D-31625-12

- Includes:
- 2-3/8" Magnetic Bit Holder
 - Eleven 1" Insert Bits: PH1, PH2, PH3, SQ1 SQ2, SQ3, SL 3/16", SL 1/4", T15, T20

THREADED ROD SOCKETS

Fast and effortless installation of 3/8" and 1/2" threaded rod

- Unique design secures threaded rod for fast and easy installation without damaging threads
- 1/4" hex shank suitable for use with Makita Impact Drivers, Drill-Drivers and Hammer Drill-Drivers*
- Available for 3/8" (part no. B-51611) and 1/2" (part no. B-51627) threaded rod
- Available 1/PK
- Ideal companion product to Makita Hollow Sockets

* Do not operate in hammer mode

HOLLOW SOCKETS

| Model | Socket Size | Threaded Rod / Bolt Size | Length | Application | Shank | Part No. |
|---|-------------|--------------------------|--------|--------------|----------|----------|
|  | 7/16" | 1/4" | 3" | Nuts | 1/4" Hex | B-50784 |
| | | | 6" | Bolts | | B-50790 |
| | | | 12" | Threaded Rod | | B-50809 |
| | | | 18" | | | B-50815 |
| | | | 24" | | | B-50821 |
| | 9/16" | 3/8" | 3" | Nuts | | B-43290 |
| | | | 6" | Bolts | | B-43309 |
| | | | 12" | Threaded Rod | | B-43315 |
| | | | 18" | | | B-43321 |
| | | | 24" | | | B-43337 |
| | 3/4" | 1/2" | 3" | Nuts | | B-43343 |
| | | | 6" | Bolts | | B-43359 |
| | | | 12" | Threaded Rod | | B-43365 |
| | | | 18" | | | B-43371 |
| | | | 24" | | | B-43387 |
| | 15/16" | 5/8" | 3" | Nuts | | B-50837 |
| | | | 6" | Bolts | | B-50843 |
| | | | 12" | Threaded Rod | | B-50859 |
| | | | 18" | | | B-50865 |
| | | | 24" | | | B-50871 |

- Ideal for use with long lengths of threaded rod or bolts
- Hollow interior design enables fast installation of nuts onto threaded rod by preventing interference with interior of socket
- Long length increases accessibility to rods or bolts in hard to reach place
- 1/4" hex shank for use with Makita Impact Drivers, Drill-Drivers and Hammer Drill-Drivers*
- Available in 7/16" (for 1/4" threaded rod), 9/16" (for 3/8" threaded rod), 3/4" (for 1/2" threaded rod) and 15/16" (for 5/8" threaded rod) diameters

* Do not operate in hammer mode
